

PRODUCT INFORMATION

ROBINIA

WOMEN SAFETY SHOE EN ISO 20345:2022 S1 SR FO SC
SIZES: 35 - 42 (217 - 270) | FITTING OPTIONS: NB, XB

STEITZ SECURA
GREEN LABEL

PROTECTION CLASS S1
according EN ISO 20345

ECO-COMPOSITE TOE CAP
Metal free toe cap, made with recycled sea plastic

ESD
Protection against electrostatic discharge

VARIO REBOUND
Energy return plus weight dependent heel shock absorption

METAL FREE

INSOLE TREATMENT
tested according to DGVU Rule 112-191

FEATURES

- + Modern, sustainable mesh weave
- + Comfortable fit due to seamless shoe design
- + Reinforced, abrasion-resistant toe guard
- + Metal-free design
- + Vegan
- + Functional lining made of sustainable textile
- + Full-length, removable comfort insole GREEN LABEL ESD with a high degree of recyclability

OUTSOLE

TPU Competition ESD, light grey

- + Outsole with a profile of 3 mm
- + With increased protection against twisted ankles, reduced lever arms
- + Light and flexible
- + Cushioning structure in the heel area
- + Best possible scuff resistance and anti-slip properties
- + Heat-resistant up to approx. 120 °C

CUSHIONING

VARIO REBOUND Technology

We combine our proven individual and weight-adapted SECURA VARIO® heel shock absorption with intelligent rebound properties. In the heel area, proven standard PU material stabilizes and absorbs the energy at the heel touchdown. In the midfoot and forefoot area, the midsole material with rebound effect returns a very high part of the energy spent by the wearer. In addition, the outsole made of soft TPU optimizes the power transmission in the step sequence. Combined with the SECURA VARIO® system, this achieves optimal damping and a safe stance.
